## CORE ATTRIBUTES

SKU **333057**

WEIGHT **20 g**

BARCODE **732388645503**

## DESCRIPTION

This high-quality solder wire (Sn63Pb37) offers a 63/37 tin-lead ratio, ideal for precision electronics work. With a **1mm** diameter and **17g** weight, it provides excellent flow and smooth joints for reliable connections. Perfect for professionals and hobbyists, this wire ensures strong, durable soldering with low melting temperature and minimal residue. Suitable for a wide range of applications, from circuit boards to delicate components. Packaged at 17g, it's lightweight and easy to handle, making it a great addition to any toolkit.
