CORE ATTRIBUTES

SKU 555065

WEIGHT 10 g

BARCODE 101697

DESCRIPTION

Desoldering wick is a very practical tool for every workshop. It's a braided copper wire, soaked in flux, so it catches solder effectively. If you have a spot from which you need to remove the solder, this strip will do a great job. Unlike the discharge pump, this strip can completely remove the solder from a hole or a pad. 1.5m should last long since you spend only one or two centimeters per one desoldering. • **Lenght:** 1.5m • **Width:** 1.9mm

TECHNICAL DETAILS

- **Lenght:** 1.5 m / 59.1"
- **Width:** 1.9 mm / 0.1"
